The Science Alliance of Tennessee, a coalition of 6 Science and Children's Museums, aims to foster children's curiosity, wonder and problem-solving skills using STEM curricula and community connections that set students on a positive trajectory of learning where they live and play. This project, the Tennessee Rural Impact Project (TRIP), was made possible in part by the Institute of Museum and Library Services.

Let's Explore

Facing Your Feelings

Exploring...

How you feel is your **emotion**.
You can feel happy, sad, mad,
or surprised.

People look at your face to see
your emotions.

- A smile shows you are **happy**.

- A frown and tears show you are **sad**.

- A frown and scrunched eyebrows show you are **mad**.

- Wide eyes and an open mouth shows you are **surprised**.

What to do

Look at each face.
What is their emotion?
