

Expanding...

Work with a partner to see how many shapes you can find in your fridge.

Student Name:_____

Teacher's Name:_____

Due Date:_____

Partner's Name:_____

The Science Alliance of Tennessee, a coalition of 6 Science and Children's Museums, aims to foster children's curiosity, wonder and problem-solving skills using STEM curricula and community connections that set students on a positive trajectory of learning where they live and play. This project, the Tennessee Rural Impact Project (TRIP), was made possible in part by the Institute of Museum and Library Services.

Let's Explore

Shapes of Foods

Exploring...

Shapes

Shapes can be found all around us! You can see shapes in stores, toys, your classroom, and even in food!

How many foods can you think of that are shaped like a circle?

What shape is your favorite food?

What to do

What to do:

With a partner, draw or write foods that match the different shapes you see in the boxes on the attached sheet.

With a partner, take turns drawing or writing your favorite foods that match the shapes below
